(Museums for America Grants)

FEDERAL AGENCY

OFFICE OF MUSEUM SERVICES, INSTITUTE OF MUSEUM AND LIBRARY SERVICES,
NATIONAL FOUNDATION ON THE ARTS AND THE HUMANITIES

AUTHORIZATION

Museum and Library Services Act of 1996, Title II, Public Law 104-208.

OBJECTIVES

To support the efforts of museums to conserve the Nation's historic, scientific, and cultural heritage; to maintain and expand museums and libraries educational roles; and to ease the financial burden borne by museums and libraries as a result of their increasing use by the public.

TYPES OF ASSISTANCE

Project Grants; Direct Payments for Specified Use.

USES AND USE RESTRICTIONS

Museums may use the funds for projects that strengthen their ability to serve the public more effectively by supporting high priority activities that advance the institution's mission and strategic goals. The program funds ongoing or new activities and projects to support the role of museums with three program categories: sustaining cultural heritage, supporting lifelong learning, or serving as centers of community.

ELIGIBILITY REQUIREMENTS

Applicant Eligibility

A museum located in the 50 States, the Commonwealth of Puerto Rico, American Samoa, the Virgin Islands, the Northern Mariana Islands, the Trust Territories of the Pacific Islands, Guam, the Republic of the Marshall Islands, The Federated States of Micronesia, the Republic of Palau, or the District of Columbia may apply for a grant under the Act. A public or private nonprofit organization, such as a municipality, college, or university which is responsible for the operation of a museum may, if necessary, apply on behalf of the museum. A museum operated by a department or agency of the federal government is not eligible to apply. Under the IMLS definition, a museum is a public or private nonprofit institution which is organized on a permanent basis for essentially educational or aesthetic purposes and which, using a

professional staff: (1) Owns or uses tangible objects, whether animate or inanimate; (2) cares for these objects; and (3) exhibits them to the general public on a regular basis. A museum must have at least one staff member, paid or unpaid, who devotes his or her time primarily to the acquisition, care or exhibition of objects. The definition makes clear that the term "museum" includes aquariums and zoological parks; botanical gardens and arboretums; nature centers; art, history, (including historic buildings and sites), natural history, children's, general and specialized museums, science and technology centers and planetariums.
